ADDENDUM TO 2255 Filed Already <sup>DEPUTY</sup>

Honorable Judge Catherine C. Blake,

I Come to the Court with NEW information concerning my 922G. In early 2019 the US Supreme Court ruled in a 922G (Relief) and, added that Predicate in which abides the US Attorney must Provide Written Material fact. That 2nd Amendment Rights Were NON EXISTANT. This being for the record I was never served this information maternally. For this I ask that my sentence be vacated and/or resentenced correctly. This new US Supreme Court Decision gives light that I was sentenced unconstitutionally.
